

HathiTrust

A pro and con comparison with Google Books:

Pros

- [HathiTrust](#) provides wonderful access to historical and nearly modern **U.S. Government publications**. [[Google Books](#) doesn't].
- [HathiTrust](#) will allow you to use AND NOT OR (**Boolean Operators**) and to use **truncation** * (the asterisk). [[Google Books](#) doesn't].
- The **quality** of books in [HathiTrust](#) might be better than the **quality** of books in Google Books. Test for yourself.
- The books in [HathiTrust](#) are also **linked to** [WorldCat](#) and that link might be easier to find and more reliable. Test for yourself.

Cons

- [HathiTrust](#) is much **smaller** than [Google Books](#).
- **No partial views** are possible with [HathiTrust](#).
